PRESIDENT: Senator Goodrich.

SENATOR GOODRICH: Mr. President and members of the body, I have served in this body for 16 years now. I have known Jack everyone of those years. I have worked with him. You can't find a better man to work with. I agree with everything that has been said on the floor as far as the quality of work, the honesty and integrity and I just want Jack Rodgers to know that I salute you, Jack, for being one of the best men I have known. Thank you.

PRESIDENT: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, there is a program on television called "Mr. Rodgers' Neighborhood". The Legislature is Mr. Rodgers' Neighborhood. Jack Rodgers is a kind, soft-spoken, friendly, competent person that you can feel very comfortable in going to about any issue whether it falls directly within the area that you would think is his area based on his job title. So I just want to say, without prolonging the discussion, that the neighborhood will not be the same without Mr. Rodgers and I am hoping that we will conduct ourselves in a way that is worthy of the legacy that was left us by Jack Rodgers.

PRESIDENT: Senator Vard Johnson.

SENATOR V. JOHNSON: Mr. President and members of the Legislature and Dr. Rodgers, I would like to add my small tribute to your great work over the years. I know on numerous occasions I have used the legislative research services and I have always relished, I have always relished an opinion given to me by Jack Rodgers. It represented the finest of scholarship and it was a document that I could read, I could understand, I could trust, I could rely upon. It was quality work. That kind of work is essential to the well being of a legislative body. That kind of work is needed and will be very badly missed.
